Mrs. Drope reviewed how they use data to track student proficiency and to deliver interventions

Report on Digital Citizenship – Mr. Klein 5 min

Preventative measures and responsive measures:

We have a required signature that reflects the district technology use expectations. We are meeting with JSD staff for training. Tech is also monitored. DARE also has it as part of the curriculum

The efforts that are in place within the building to protect and prevent students from inappropriate technology use were shared. We will be meeting with a district person about teaching students about safe and smart use outside of school.

Positive Behavior Intervention Plan (PBIS) – Mrs. Crandall 5 min

Creating order and support as well as consequences

How we implement PBIS was shared by Katie. Our progressive consequences as well as our supportive measures were delineated.

Safe Walking Route Plan – Mr. Klein 5 min

Current and to be revised:

Our current plan is posted on the website. We will be revising with new software before July

The new software developed by the state will be used to create our new safe walking plan that will be shared on our website.
