

Columbia Elementary
School Community Council Meeting
Monday, February 4, 2019

3:45 – 4:45PM

In attendance: Kelsey Harris, Summer Dansie, Abe Yospe, Thalia Almazan, Amy Price, Sandy King, Taryn Cox, Stacey Leavitt, Angie Drope

Agenda Items

Approve Minutes: Sandy King motioned to approve the minutes. Summer Dansie seconded.

Title One: Title III audit at all the WJ schools. We received an additional \$30,000 in Title I funding. \$16,000 of that pays for Playworks. Our Title I budget has been very tight. We had to consider dropping the Playworks or aides, but all is ok now; we have kept both.

Mr. Yospe is planning on using money to pay teachers to do our extended learning. Teachers were happy to volunteer their time. Students are invited to work with teachers before or after school.

K-3 Literacy night was very successful. We had a literacy activity, a book, the library had an activity and we gave our DIBELS information.

4-6 Literacy night will have an activity, a book and be giving SRI information.

Land Trust: Last year we received \$67,000 and we paid for the Rtl teacher. Kids that do not go to resource, but need extra help will go to Rtl groups. They are a small group of kids and a teacher or aide.

Mrs. Harris asked to make the Rtl person full time, not $\frac{3}{4}$ time as the current teacher is.

Mrs. Leavitt suggested the Rtl teacher be a level 2 licensed teacher.

Mr. Yospe explained his plan to add another Rtl teacher for grades 4-6. Adding the second teacher would allow for literacy and math to be taught during Rtl.

Amy Price would like to advertise for a reading or math endorsed teacher.

Vote: Land Trust money will be used to hire a full-time, level 2, math or literacy endorsed teacher for Rtl. If additional money is given, it will be used to pay for the $\frac{3}{4}$ time teacher or aides.
